

KLONDIKE ROD COMPANY

Klondike "Crossover Series" Switch Rods

The Klondike 4 Piece Switch Rod incorporates hybrid rod technology and its new crossover features offer a versatile trout / steelhead / spey rod in a convenient travel design. It's 10' 9" length and 2: removable fighting butts make for an adaptable big water trout rod to present flies to fish you couldn't reach before as well as offer up longer drag free drifts when nymphing your favorite steelhead trib.
